

REPORT
OF THE
DEPARTMENT
OF THE
PROVINCIAL SECRETARY
OF THE
PROVINCE OF ALBERTA
1922

PRINTED BY ORDER OF THE LEGISLATIVE ASSEMBLY

EDMONTON:
PRINTED BY J. W. JEFFERY, KING'S PRINTER
1923

Edmonton, March 27, 1923.

To His Honour

ROBERT GEORGE BRETT,

Lieutenant Governor of the Province of Alberta.

MAY IT PLEASE YOUR HONOUR:

The undersigned begs respectfully to present to your Honour the report prepared with respect to the chief transactions of the Department of the Provincial Secretary of Alberta during the twelve months ending the 31st day of December, 1922.

Respectfully submitted,

H. GREENFIELD,

Provincial Secretary.

Edmonton, March 27th, 1923.

To the Honourable

HERBERT GREENFIELD, M.L.A.,

Provincial Secretary,

Edmonton, Alberta.

DEAR SIR,—

I have the honour to submit the Annual Report of the Department of the Provincial Secretary for the fiscal year ended December 31st, 1922, showing details of the various services rendered by the Department during that period.

INCORPORATION AND REGISTRATION OF COMPANIES

During the past year 294 companies were incorporated and registered in Alberta, with an aggregate capitalization of \$9,524,000.00. Supplementary certificates were issued increasing the capital stock of existing companies to the amount of \$585,000.00, and for various other purposes such as changing names, reducing of capitalization and amending the powers and purposes originally conferred. A considerable number of companies which filed returns during previous fiscal years have ceased to be subsisting companies, and have been requested to surrender their certificates for cancellation.

In addition to the incorporation of companies under The Companies Act and registration under The Foreign Companies Act, there were quite a number of registrations under An Act Respecting Benevolent and Other Societies, and The Co-operative Associations Act.

A large amount of miscellaneous work was performed such as proof-reading documents received to be certified for court purposes, furnishing memoranda of various kinds, and supplying information from the indices and records.

REGISTRATION OF MOTOR VEHICLES

During the year 39,964 licenses were issued under The Motor Vehicle Act, an increase of 112 over the previous year, but the revenue from all sources under this Act was less by \$1,658.05, while in the year 1920 the increase over the previous year was \$36,222.30. The following comparative figures show exactly where the shortage occurred:

	1921	1922-
Owners	\$ 695,909.00	\$ 695,631.75
Transfers	4,287.75	5,229.75
Motor Cycles	2,002.50	1,901.50
Chauffeurs	6,201.00	5,735.00
Dealers	9,615.00	8,041.00
Miscellaneous	516.05	334.25
	\$ 718,531.30	\$ 716,873.25

Although 112 more owners' licenses were issued there was a decrease in the revenue from that source of \$277.25, from the fact that motor vehicles purchased or exchanged for new vehicles

were in many cases of the smaller type and wheel base of machine, which called for a smaller license fee. An increase was received in connection with transfers, but this was offset by a decrease in the licenses of motor cycles, chauffeurs and dealers.

THE AMUSEMENTS TAX ACT

The revenue from this source amounted to \$183,933.61, representing average receipts as follows:

	1921	1922
Monthly	\$ 15,091.89	\$ 15,327.80
Weekly	3,482.74	3,537.18
Daily	580.46	589.53

The increase over the previous year was \$2,830.93, and if the attendance at places of amusement had been the same as in the year 1921, with the increased rate the revenue would have been considerably greater, but the attendance was less by 1,448,053, as shown by the comparative monthly statement of admissions during the years 1921 and 1922. This falling off in attendance cannot very well be attributed to increased rates of taxation, as a similar story is shown by figures received from the other provinces.

In this province the decrease may largely be attributed to the falling off in attendance at theatres and the chautauquas, which latter entertainment was well patronized in previous years. Only one circus visited the province last year, and the early disbanding of the Western Canada-Coast Baseball League was another professional attraction which caused a loss of some revenue.

The public support given to the professional hockey league during the past season was in excess of any former year.

REVENUE

The revenue of the department for the year was \$2,088,346.64, for 1921 \$1,698,349.39, an increase of \$389,997.25. The table on page ten furnishes a comparative statement of the source from which the revenue is derived.

All of which is respectfully submitted.

E. TROWBRIDGE,

*Deputy Provincial Secretary and
Registrar of Joint Stock Companies.*

THEATRES AND AMUSEMENTS TAX BRANCH

Edmonton, January 23rd, 1923.

HON. H. GREENFIELD,
Provincial Secretary,
 Edmonton, Alberta.

SIR,—

I have the honour to submit herewith the Annual Report for the fiscal year ending December 31st, 1922, dealing with matters in connection with the Theatres Branch and Amusements Tax.

You will note that the gross revenue from this branch of the service shows a slight increase over the previous year's business, notwithstanding the fact that there was a decrease in the number of exchange and theatre licenses. In 1921 there were 118 moving picture licensed theatres, while in 1922 there were only 101, and where many of the small towns showed every night they were cut down to one or two nights a week.

I find, however, that all the other provinces in the Dominion show a similar falling of revenue. I also note from the figures shown by the Internal Revenue Department of the United States that the total amount spent in amusements in 1921 was \$733,749,375, while for the year 1922 there was a decrease in this amount of \$160,000,000.

The attached statements explain in detail the various sources of revenue for the year, as well as monthly, weekly and daily, also the yearly, monthly, weekly and daily attendance, which includes professional hockey and baseball games.

The annual, monthly, weekly and daily attendance in each of the four cities, separately, as well as the same information from all other places.

The total number of permits issued during the year was 1,415 covering 4,328 reels, a decrease of 596 reels from the preceding year. 41 features, consisting of 196 reels were condemned, and 419 eliminations made in other films. There was only one appeal during the year and our decision was sustained. There were six German productions, two French, one British and one purely Canadian, the balance all being American.

CLASSIFICATION OF FEATURES CONDEMNED

Immoral	13
Lawlessness and Murder	8
Gruesome	1
Vulgarity	8
Suggestive	8
Travesty on Religion	3

There were twenty convictions during the year for contraventions of the Act, and penalties amounting to \$403.00 were collected.

The total number of mail matter received during the year was 12,680—compared with 9,781 for the previous year. 8,565 letters were sent out from this office in comparison with 7,366 for 1921.

A convention of censors for the Dominion was held in Montreal in October, at which five of the eight provinces were represented, while letters received from the other members who for various reasons were not able to attend, showed such a sympathetic interest, that it was decided to meet again in Vancouver, in 1923, when all the members from New Brunswick, west, pledged themselves to attend.

The opinions expressed by each of the members at the Montreal conference was evidence of the responsibility they have in fixing the standards of education and entertainment to be exercised through moving pictures and of the recognized necessity for organized and concerted action, with a view to the establishment of National aim and unity. Co-operation in demanding and securing high ideals in picture plays is in itself a reason for having the members of the various boards meet for discussion and mutual assistance.

One of the most important topics dealt with was the fixing of uniform standards—as to what should be condemned and disapproved by censors, and after a year's experience, and with a larger representation, it may be deemed advisable to again consider the question with a view to improvement.

Mrs. Harbottle of this Province was appointed Dominion Secretary, for the current year, and I was elected President, with the next place of meeting, Vancouver, B.C., the first week in October.

Canada has been paying about four million dollars annually to the United States for its film entertainment and is evidently no longer going to be passively content with the California fruit, as during the past year a Nationalized effort has been made to produce pictures distinctive of the Canadian country, by the formation of a Federal company, known as the Ottawa Film Production Company, and in order to keep up the high standard which has been set, have appointed an advisory council of leading citizens—composed of journalists, authors and social workers. Among some of those who will act are D. A. C. Doughty, Deputy Minister Indian Affairs; Robt. Stead, Author, and Mrs. R. A. Kennedy, President of the Ottawa Women's Canadian Club, and several other equally prominent people.

It is intended to produce pictures typical of Canada making full use of the atmosphere and scenic back-ground of the country and of plots which adapt themselves peculiarly to Canada.

"The Man from Glengarry" and "The Rapids", the latter taken in the vicinity of the Soo, are two of their first productions made in Canada, and portrayed and directed entirely by Canadian artists, have both been a wonderful success, not only financially but from a wholesome entertainment point of view. The rights of both have been sold in the United States at very satisfactory figures, and it is reasonable to expect that Canada instead of importing all her film entertainment will eventually be a large exporter.

It has been fully demonstrated that there is only one way to make the film industry a great one, far greater than it is now, and that is first of all by making it clean, and the only way to make it clean is by having clean men and women engaged in their productions.

Qualification for participating should be that every individual conduct himself or herself according to the standard of common decency, and any individual who violates these principles by conduct tending to bring disgrace or scandal upon themselves or their fellows should be eliminated from the profession, as the patrons of theatres are entitled to pictures featuring people whom they can respect. I have full confidence that the Canadian corporations will profit by the stories that we hear from Hollywood, and engage only cultured and clean-living artists in the production of Canadian pictures.

In conclusion I wish to express my appreciation of the good feeling existing between the officials of your Department, which has the effect of securing the very best service. I also wish to express appreciation of the services rendered by the Alberta Provincial Police during the year. They have proved of invaluable assistance to us, and have saved hundreds of dollars in settling accounts, making inspections and in the enforcement of the Act generally, that would have caused us otherwise to send a member of our staff to do the work.

All of which is respectfully submitted.

I have the honour to be, Sir,

Your obedient servant,

HOWARD DOUGLAS,

Chief Censor Moving Pictures.

MOVING PICTURES BRANCH
COMPARATIVE STATEMENT OF RECEIPTS

	1921	1922	Increase	Decrease
